STAGE GOAL Browsing, considering, and evaluating my product placement strategy	0 Entice How do I capture attention and spark interest?	→ Enter What do I need to know before I engage?	🔗 Engage In the core journey, what matters most to me?	↔ Exit What do I take away, and how do I feel about the experience?	0 Extend What happens after I leave or stop engaging?
1️⃣ Steps What does the customer typically experience?	Does my project online or offline Needs a short value statement Knows my strongest benefit Perks surface and sticks: asks more	Lands on my website or demo Views key information Compares with alternatives Has questions before deciding	Likes / finds my offering Explores more features or benefits Interacts with my content or team Evaluates how it solves their need	Processes the information Reviews the outcome Decides next step Stays or leaves for later	Provides for updates Recommends to others Becomes a repeat user or supporter Leaves a review or feedback
2️⃣ Interactions What touchpoints and channels do I use? • People: who do I interact with? • Places: where do we engage? • Things: what tools or materials support me?	Send me the pitch & ask Search engine results Referrals & word of mouth Landing page or website	Website: project page Brochure: presentations Live chat: contact form Breaks or inquiries	Demos / live consultation Direct communication (call, email, event) Product / service experience Support & resources (guides, docs, FAQs)	Thank you page / summary Payment / sign-up / splash Follow-up email Feedback form / survey	Newsletter: updates Loyalty offers / exclusive content Community / user groups Referral programs
0 Goals & motivations At each step, what is the customer's primary goal or motivation? (Help me, I, "I'd like to...")	Learn what my project is about See if it's relevant to my needs Understand the key benefits Feel confident it's worth exploring	Find clear, reliable information Compare options & value Understand pricing / terms (if any) Know what's expected next	Solve a specific problem Get value quickly Build trust in my project Know: made the right choice	Complete the process easily Feel satisfied with the experience Know the next step Share with others	Stay informed about new updates Continue getting value over time Feel part of my community Help others benefit too
0 Positive moments What steps does the customer find satisfying, rewarding, or delightful?	Clear messaging captures attention Visuals & content build interest Strong first impression	Information is easy to find Fast & helpful responses Thorough and honest communication	Smooth and enjoyable experience Helpful support when needed See real results or progress	Feels accomplished Process is simple and smooth Leaves with confidence & clarity	Receives valuable updates Gets exclusive benefits or insights Feels appreciated & connected
0 Negative moments What steps does the customer find frustrating, confusing, or disappointing?	Unclear messaging Too many options or choices Slow website or loading	Information hard to find Confusing pricing or terms No response or slow reply	Complicated process Lack of support Didn't see expected value	Long or confusing check-out Too many steps No clear confirmation or follow-up	Too many emails or spam No new value or updates Feels ignored or forgotten
1 Opportunities How can I make each step better? What ideas or improvements can create more value?	Stronger value proposition Better visuals & storytelling Targeted ads & content	Briefly navigate Clear FAQs & links Quick responses	Personalized experience Better onboarding / setup More resources & support Feature improvements & innovation	Briefly process & reduce steps Clear next steps Automated confirmation & follow-up	Loyalty programs Personalized updates Community engagement Encourage reviews & referrals
